

N.A.D.A. Used Car Guide Online

Give Your Credit Union the Power of Information

Looking for Lemons

Whether you're a credit union or a member, nobody wants to invest their time and money into a lemon. With **N.A.D.A.**, or National Automobile Dealers Association, you can determine the value of an upcoming vehicle purchase. AutoCheck can help uncover if the vehicle has been through salvage, water, hail or fire damage, rental or taxi usage, foreign restrictions, odometer problems or if it is, in fact, a lemon.

An added benefit of this program is that you can forward the above reports to your members, which not only protects you both, but brings added value to their membership.

When you sign up for AutoCheck today, you will receive:

- Ten free N.A.D.A. searches
- One free AutoCheck search

When you purchase AutoCheck reports through a CUcorp N.A.D.A. Online subscription, you'll get:

- A reduced price of \$12.95 for the first ten reports
- \$9.95 for any additional ones

Purchased independently, these reports cost \$19.95 each.
